

# The First International Conference on Advanced Research in ICT (ARICT'14)

**Duhok, Iraq**  
**18-20 October 2014**

**Organized by**

**Background:** The First International Conference on Advanced Research in ICT (ARICT'14) will be held from October 18-20, 2014 in Duhok, Kursidtan Region, Iraq. The conference aims to provide a platform for presenting research work, exchange of ideas among researchers, disseminate recent trends and advancements, cutting-edge technologies, significant technical applications and challenge in areas of computers, information communication and technology, Computing, Informatics, Management and other related areas. The conference program will consist of keynote lectures from highly distinguished researchers, workshops, invited sessions, oral and poster sessions. Researchers from academia and Industry are invited to present their work and innovation;

*All accepted and presented papers will be submitted for inclusion in IEEE Xplore and CSDL for indexing services.*

**Selected papers will be published in the following Journals**

- Journal of Advanced Computer Science and Technology Research - JACSTR (ISSN: 2231-8852)
- International Journal on Islamic Applications in Computer Science And Technologies – IJASAT (ISSN: 2289-4012)
- International Journal of Mobile Security (ISSN: 2339-0212 )
- Journal of Education and Technology (JET) (ISSN: 2354-8533)

**Themes:**

- Cryptography and Information Security
- Cloud Computing
- Software Engineering and Industry Challenges
- Computer Applications in Healthcare, Management, Education.
- Information Retrieval and Knowledge Management
- Wireless and Mobile Technologies and communication.
- Pattern Recognition, Image and Signal Processing.
- Human Computer Interaction

**Tutorials**

- **Intrusion and Prevention Reverse Proxy Server Against Web Attacks**

**Workshops:**

1- Workshop on Management Information System Applications in New World Economy MISAN
